## *Letter of Invitation*

Dear Sir or Madam,

**2018 International Workshop on Construction and Management of Water Conservancy and Hydropower** is to be held in Changsha, China on **17-26 October 2018**. The Workshop is jointly organized by UNIDO ICSHP Changsha Hydropower Control Equipment Manufacturing Base, ASEM Water Resources Research and Development Center, Training Center of Chinese Society for Hydropower Engineering and HNAC Technology Co., Ltd.

The development of water conservancy and hydropower in China has made remarkable achievements in the world. China is willing to share its mature experience in policy innovation, technologies R&D and industrial development of hydropower. It is expected that the Chinese Wisdom will provide a new driving force for the sustainable development of water conservancy and hydropower in the world.

The cost of training, meals, local transportation and field trips for participants are funded by the organizers. Government officials, scientific researchers, engineering and technical personnel in the fields of water conservancy and hydropower are welcome to this Workshop.

Please find attached **INFORMATION BROCHURE** for further information. If you are interested, please submit your application materials to [overseas@cshnac.com](mailto:overseas@cshnac.com) before **31 August 2018**.

Please feel free to contact us if you have any inquires.

Yours sincerely,

**HUANG Wenbao**

Director of UNIDO ICSHP Changsha Base  
Chairman of HNAC Technology Co., Ltd.

**ZHANG Canming**

Director of the Office of the Secretariat  
ASEM Water Resources Research and  
Development Center
